

Worksheet 7: Vehicle Readiness Checklist

Seattle's persistent rain, steep hills, toll bridges, and potential ferry routes require higher vehicle readiness standards. Complete before each operating day.

DAILY PRE-SHIFT CHECK

- ☐ Fuel level — minimum half tank (Seattle traffic can double route time)
- ☐ Good To Go! account funded for SR-520 tolls
- ☐ Waze loaded and updated — check I-5, I-405, SR-520, SR-99
- ☐ Washington State Ferries app checked if ferry routes scheduled (wsdot.wa.gov/ferries)
- ☐ Phone fully charged + car charger connected
- ☐ Proof of insurance accessible (glove box)
- ☐ COI (Certificate of Insurance) PDF saved on phone
- ☐ Weather check — Seattle averages 150+ rainy days/year; always prepare for rain

WEEKLY CHECK

- ☐ Windshield wipers — replace every 6 months in Seattle rain
- ☐ Tire tread depth — rain requires good tread year-round
- ☐ Brakes checked — Seattle's steep hills demand reliable brakes under load
- ☐ Waze and Google Maps updated
- ☐ Vehicle interior clean and professional
- ☐ Good To Go! account balance — reload if under \$20
- ☐ COI / insurance documents current and accessible
